KEYNOTE SPEAKER

JANET T. MILLS

Janet Trafton Mills was sworn in as the 75th Governor of Maine on January 2, 2019.

Governor Mills is the first woman governor of Maine. In her historic victories, she earned more votes than any governor in Maine history and is the first governor since 1970 to be elected with a majority of the vote for both terms in office.

As Governor, she led Maine through a global pandemic with nation-leading results, including one of the highest vaccination rates and one of the lowest death rates in the country, protecting the lives and livelihoods of Maine people.

Under her leadership, Maine's GDP has grown by 10.1 percent – the 9th best rate of growth in the nation and the best rate of growth in New England. In fact, Maine has experienced more economic growth over the last four years than it did in the preceding fifteen.

She has expanded health care to more than 90,000 Maine people, cut the uninsured rate by more than any other state in the nation, enacted legislation that has brought down small business health insurance premiums for the first time in more than two decades, fully funded schools for the first time in Maine history, raised the minimum teacher salary, delivered free community college, cut taxes for Maine retirees, increased the Rainy Day Fund to more than \$900 million, and provided significant tax relief for Maine people, among many other bipartisan accomplishments.

Through her Maine Jobs & Recovery Plan, she is focused on addressing Maine's longstanding workforce shortage, investing millions of dollars in job training programs and initiatives to build more housing for Maine people.

Governor Mills was born in Farmington, Maine, which she still proudly calls home today. The granddaughter of Aroostook County potato farmers and the daughter of a long-time high school English teacher and U.S. Attorney for Maine, she learned the value of hard-work at an early age, venturing out in the early morning to deliver newspapers and serving meals in the evening at the local diner. She graduated from Mt. Blue High School in Farmington, the University of Massachusetts at Boston, and the University of Maine School of Law.

In 1985, she met and married the love of her life, her husband, Stan Kuklinski, a widower with five young daughters ages 4 to 16. They moved back to Farmington, and she became a full-time parent and helped raise their daughters while working full-time herself. She is now the proud grandmother to three grandsons and two granddaughters. Following a devastating stroke, Stan passed away in 2014.

Janet first entered public service as an Assistant Attorney General, where she prosecuted homicides and other major crimes. She later was elected District Attorney for Androscoggin, Franklin and Oxford Counties, the first woman to be elected as a DA in New England. In that role, she saw firsthand how the criminal justice system frequently failed victims of domestic violence. Frustrated by the Legislature's failure to act, she co-founded the Maine Women's Lobby to advocate for battered and abused women and won election to the Maine House of Representatives herself in 2002.

In 2008, she was elected by her colleagues to serve as Attorney General of Maine, the first and only woman to hold the job. She served as Attorney General from 2009 to 2011 and again from 2013 to 2019. As Attorney General, she made it her mission to stand up to those who have tried to exploit Maine people—from fighting dishonest mortgage lending companies to help keep Maine people in their homes, to fighting big Pharma for their role in creating the opioid crisis and then using that money to purchase overdose-reversal kits that have saved more than 1,000 lives, to fighting to protect health care coverage for young adults.

As governor, she is fighting to see that every Maine person has affordable, high-quality health care, that Maine has a strong economy with good-paying jobs in every part of the state, that every Maine child has access to a world-class education, and that Maine is a place where families can put down roots and raise their kids.

She is a pragmatic problem-solver, focused on bringing Democrats, Republicans, and Independents together to find consensus and move Maine forward -- strongly believing that no one has a monopoly on good ideas.

SPECIAL STUDENT AWARDS

BEA MARTIN

Student of the Year/President's Award

Bea was born and raised in Southern Maine and currently lives in Portland. This past December Bea completed her first associate degree in Communications & New Media with a focus on graphic design. She will be completing a second degree in Liberal Studies, Art Concentration this summer. During her time at SMCC, she has maintained a 3.9 GPA, joined Phi Theta Kappa, volunteered at the Captain's Cupboard, and inspired and encouraged her fellow students to embrace their creativity. Bea plans to transfer to MECA&D to pursue a Bachelor's degree in Graphic Design, and aspires to work as a graphic designer and printmaker after graduating.

FATIMAH LAMLOOM

All-Maine Academic Team

Fatimah is the President of the Muslim Student Association at SMCC as well as the Vice President of Public Relations for Phi Theta Kappa. She is studying to become an Occupational Therapist whilst having her own cupping therapy clinic one day. She also strives to break the stigma of Muslims in the professional world and advocates for the people of Palestine. Fatimah loves to read, hike, make her own soap, and cultivate an energy of strength and elegance.

BRANDON MARSHALL

All-Maine Academic Team

Brandon is a non-traditional student at Southern Maine Community College, balancing a full-time job as a carpenter with his academic pursuits. After over a decade in the tall ship industry, Brandon returned to college in his thirties to pursue a degree in engineering. When he is not working or studying, Brandon enjoys spending time with his family on their small farm in Scarborough, doing fine woodworking, or sailing on Sebago Lake.

SPECIAL STUDENT AWARDS

DESTINY WORSTER

All-Maine Academic Team

Destiny is from Oxford, Maine. During her time at SMCC, Destiny has been involved with the Midcoast Campus community. In her role as a resident assistant, she hosted various activities each semester. She has been on the Dean's List every semester and will graduate with an Associate in Arts degree with a concentration in Social Work. Destiny plans to continue her studies at the University of Southern Maine to pursue her goal of becoming a child therapist.

RINA HORTENSE RENGOUWA IGUINOMBE

Dean of Students' Award/Distinguished Service Award

Rina, dedicated mother of two, relocated to Maine with her family in 2022. She holds a bachelor's degree in Accounting, Bank, and Finance from her home country of Gabon, and has six years of experience as a banker. Aligning closely with her previous endeavors, Rina chose to pursue a degree at SMCC in Business Administration. She volunteers with The Red Cross, and Maine Equal Justice as a member of the Leadership Housing team and the CTC Team. She is President of the Business Club at SMCC and she serves as the president of the Gabonese Community in Maine. Her dedication to leadership, service, and advocacy exemplifies her passion for creating meaningful change and contributing to the well-being of those around her.

ACADEMIC HERALDRY

CAPS

The black mortarboard or Oxford type is usually worn. There is also a soft cap, resembling an oversized beret, usually reserved for doctors. Certain universities use a gold tassel instead of black to distinguish the cap of a doctor.

GOWNS

Bachelor's – This is a simple black gown with a fairly elaborate yoke. The sleeves are long and pointed. There is no adornment, although a few institutions permit a piping of the school color on the yoke.

Master's – Until 1960, the gown had long sleeves with the arms emerging from the sleeve through a slit at the elbow. The rest of the sleeve dangled, terminating at the knee of the wearer in a square cut end into which a semicircle was cut. In 1960 this gown was modified, and an opening was made at the wrist.

Doctoral – This is an elaborate gown made of velvet, or with velvet panels around the neck and down the front, with three bars on bell-shaped sleeves. It is more fully cut and may be ornamented with a paneling and bars in color to indicate the faculty or degree. A few universities permit the doctoral gown to be in color.

HOODS

The distinguishing color of the hood tells the most about the wearer. Bachelor's hoods are three feet in length. Master's are three-and-one-half feet in length, and doctoral are four feet in length. Hoods are lined in silk with the official colors of the institution granting the degree. Bindings on hoods are respectively two, three or five inches in width for bachelor's, master's and doctoral. The color of the binding indicates the area of study in which the degree was granted.

The following list indicates a few of the colors associated with various degrees.

Agriculture	Maize
Arts, Letters, Humanities	White
Accountancy, Business, Commerce	Drab
Economics	Copper
Education	Light Blue
Engineering	Orange
Fine Arts, Architecture	Brown
Law	Purple
Music	Pink
Philosophy	Dark Blue
Physical Education	Sage Green
Science	Golden Yellow
Social Science	Cream
Theology	Scarlet

ACADEMIC MACE

The ceremonial academic mace, which you see on the platform before you, is an historical amalgam of the regal scepter of rulers with the weapon-like instrument known as a mace. The first dated record of the ceremonial academic mace goes back to 1385 at the University of Vienna. An academic mace is traditionally carried in procession and mounted on stage whenever degrees are granted or when the faculty is assembled in formal academic dress.

Listing in the commencement program does not constitute official confirmation of completion of degree requirements. Because final action cannot be taken prior to printing this program, the list of candidates for graduation is tentative and may include students who, although part of the class graduating in these commencement exercises, will complete graduation requirements after commencement
