This feature is typically available the last two weeks of every class (in most cases, this will be the last two weeks of the semester).

SMCC Pay-for-Print Policy

Students can print 100 pages on campus per semester for free. If you print over 100 pages, you will be charged 10 cents per page to your Beacon Bucks account. Left over pages will roll over to the following semester but will zero out at the end of the academic year. A pilot project tracking public printing has shown that this amount of free printing meets the needs of the vast majority of students. The College's pay-for-print system monitors printing on all public printers (i.e., those in general access labs, library printers, the LAC, and technology labs). Each time you log in to the system, the print station displays the remaining print quota.

Once the printing quota has been exceeded, users will be charged \$0.10 per page on their Beacon Bucks accounts. Color printouts will be charged at 11-page units. This means each color printout will count as 11 pages toward the quota and cost \$1.10. Students can add money to their cards using a credit card online.
