

# Transfer Agreements at SMCC

**Dear Student,**

If you want to earn a bachelor's degree for less, you can save thousands of dollars by starting at SMCC before transferring to a four-year college or university. Our transfer agreements will put you on the right path.

These agreements allow you to pre-plan your college careers so you can avoid taking unneeded credits and spending money on courses that won't count toward a bachelor's degree.

We have transfer agreements with the University of Maine, the University of Southern Maine, the University of New England, Saint Joseph's College and elsewhere in Maine. If you're interested in out-of-state schools, we can simplify your transfer to places such as Johnson & Wales, Southern New Hampshire University, Smith, Wellesley, Mount Holyoke College and more.

If you want to continue your education after graduating from SMCC, our transfer agreements will help get you there.

Start smart at SMCC by avoiding debt and getting the skills and support you need to continue your education through one of our seamless transfer agreements. Then finish strong by getting a four-year degree and earning over \$1 million more over your lifetime. We are here to help you succeed.

Joe Cassidy

President of SMCC

---

**For more information about this specific transfer agreement please view the additional pages in this document.**

**Please note:** These agreements are frequently renewed and may at times be under renewal. If you have any questions or concerns, please contact our **Advising Office** at **207-741-5835** or **transfer@smccME.edu**.

**We are here to help your succeed.**

Established in 1975, the Ada Comstock Scholars Program enables women of nontraditional college age to complete a bachelor of arts degree at a realistic pace, either part time or full time. Women who are at least 24 years old (or will turn 24 during your first semester at Smith) or have a dependent other than a spouse or are veterans apply to Smith through this program. Each Ada Comstock student attends the same classes and fulfills the same requirements as do all other Smith students. Their strong motivation and commitment provide an example for students of traditional college age; the diversity of their life experience enriches the classroom and their expectations challenge the faculty. Their achievements confirm the academic standards of the college.

The Ada Comstock Scholars Program combines the rigorous academic challenges of Smith with flexibility for women beyond the traditional college age by providing options for reduced course loads, special academic advising, career counseling and diverse housing options. Financial aid is available to each woman with demonstrated need.

There are approximately 170 women currently enrolled in the Ada Comstock Scholars Program; some bring their families with them, some come alone, some with a partner or spouse. Most arrive having earned between 32 and 64 transferable college credits in liberal arts courses.
