

Vaccine & Immunization Requirements

DID YOU KNOW...

That vaccine & immunization records are required to attend College?

Maine State law requires ALL college students to provide proof of immunization for:

- Measles, Mumps & Rubella 1&2 (two doses administered 30 days apart)
- Tetanus/Diphtheria (required every 10 years)

These requirements can be waived if there is a sincere belief or objection. (See #2 below)

Please note:

- Residence hall students must provide proof of immunization prior to applying for housing.
- There are additional vaccine requirements for students enrolled in the following degree programs; Nutrition & Dietetics, Medical Assisting, Nursing, Paramedicine, Radiography, and Respiratory Therapy. For more information, contact the Advising Office.

WHAT TO DO:

1. Submit Your Vaccine & Immunization Records

Ask your doctor for a copy of your vaccine and immunization records and provide them to the Advising Office. Or, download the SMCC Immunization Form, available on the MyDegree section of My Maine Guide, and ask your doctor to complete it and provide it to the Advising Office. Be sure to follow up with the Advising Office to make sure your records were received.

OR

2. Waive The Vaccine & Immunization Requirements

Waive your immunization requirements based on a sincere philosophical or religious objective by downloading the Immunization Form (available on the MyDegree section of My Maine Guide), completing the waiver and submitting it to the Advising Office.

OR

3. Get Vaccines & Immunizations

Many local pharmacies offer immunizations. SMCC also works with two area Walgreens to offer these. Use the information on the back side of this flier to find a clinic near you! If you need more help finding a clinic or provider, please connect with us.
